

Sizing Guidelines for Necklaces

M A I D S T O N E J E W E L R Y

For a neck measuring 12 - 13 inches the following guidelines apply. If your neck measures 17 - 18 inches for example, just add 5 inches for each option.

Collar (12 - 13 inches)
Collar necklaces lie snugly around the middle of the neck. Ideal when wearing V-necks, boat necks, and off-the-shoulder fashions.

Choker (14 - 16 inches)
Both classic and versatile, a choker falls perfectly around the base of the neck. This style matches any outfit and just about any neckline.

Princess (17 - 19 inches)
This popular length is best suited for crew and high necklines, falling just below the throat. The Princess length can be worn as a contrast to low plunging necklines.

Matinee (20 - 24 inches)
A perfect choice of length for casual or business dress.

Opera (28 - 34 inches)
This longest of the necklace lengths, it can be worn as a single or double strand. Perfect for high or crew necklines, its versatility allows the opera to transform from day to evening wear with elegant ease.

Rope (over 46 inches)
Infinitely elegant and classic, this versatile necklace length dresses up any outfit, day or night.
